

**REMARKS**

Applicants propose canceling claims 18-25, without prejudice or disclaimer of the subject matter thereof. Upon entry of this Amendment, claims 26-33 will remain pending in this application.

Applicants note that the Examiner has not yet returned initialed copies of the PTO 1449 forms that were submitted with the Information Disclosure Statements filed on September 26, 2002, and May 19, 2004. For the Examiner's convenience, Applicants attach copies of the PTO 1449 forms and PTO-stamped postcard receipts indicating that the forms were in fact received. Applicants therefore request that the Examiner consider the listed documents and return copies of the forms with an appropriate acknowledgement of the Examiner's consideration.

In the Final Office Action,<sup>1</sup> the Examiner rejected claims 18-25 under 35 U.S.C. § 102(b) as being anticipated by Goldman et al. (U.S. Patent No. 5,917,424). The Examiner also allowed claims 26-33. Applicants appreciate the Examiner's indication of allowable subject matter in this application.

While Applicant respectfully traverses the rejection of claims 18-25 under 35 U.S.C. § 102(b), in an effort to expedite prosecution of this application, Applicants propose canceling claims 18-25. Accordingly, the rejection is moot.

Applicants respectfully request that the Examiner enter this Amendment under 37 C.F.R. § 1.116, placing claims 26-33 in condition for allowance. Furthermore, Applicants submit that the proposed amendments place the application in *prima facie*
